Sleeping Dogs: Deep Undercover Pack is DLC for Sleeping Dogs which provides a new outfit, vehicle, and item for your apartment. The costume and vehicle are alright as far as these sorts of extras go, but the CB radio does not appear to do anything in your apartment other than add a little bit of flavor. There's worse cosmetic DLC out there, so if you're looking for one to pick up, it might be up your alley (I liked the car), but most people probably won't find much value in it for the list price.
